

WORLD OF RADIO #1037, produced May 24, 2000 by Glenn Hauser

- \*Standard disclaimer
- \*RFPI's 25930 off the air with feedline cut; may not come back or on a lower frequency
- \*Next quickest way to keep up with RFPI frequency problems:  
<https://www.angelfire.com/ok/worldofradio/Anomaly.html>
- \*New Continent of Media 00-04 now on the way to RFPI and  
<http://www.DXKing.com>
- \*Again this Saturday May 27 I am providing the media news on VOA's Communications World; script soon posted on their website and mine
- \*Only Belgian charged in provoking Rwandan genocide, via Radio Mille Collines, pleads guilty, turns Moslem
- \*Zambia news in English heard here in absence of Bonaire
- \*R. Mogadishu, V. of the People of the Somali Republic, well heard in England
- \*V. of the Democratic Path of Ethiopian Unity doubles transmissions
- \*V. of Oromo Liberation on new frequency, same as above
- \*Israel changes Hebrew and Russian frequencies; DST extended to Oct 29
- \*V. of Hope quits SW from southern Lebanon, replaced with Germany
- \*Bangladesh Betar heard in Missouri, but very undermodulated voices
- \*Difficulties serving Burma by Voice of Democratic Burma, VOA, RFA;  
<http://www.journalism.ubc.ca/thunderbird/2000/march/burma.html>
- \*Is anyone interested in these press radioteletype schedules? Korea N.
- \*R. Central, Papua New Guinea, coming back after three years; SW?
- \*RNZI tries another 11 MHz frequency at 1900-1950
- \*RNZI on the air past local midnight
- \*R. Bosques, Argentine pirate, new out-of-band frequencies, schedule; omit station name on envelope in reports to: Alejandro Garcia, Magdalena 34, 1874 Villa Dominico, Buenos Aires; r.p.
- \*Brazilian Amazon Indians allocated out-of-band frequencies for ``programming``
- \*Plan for 60 new Colombian indigenous ``SW and LW`` stations
- \*Colombia Estereo transmitter heard with Super Estacion 88.9,  
<http://www.laruta.com>
- \*The non-communist, non-commercial, non-corporate, non-government, non-musical, non-religious DX program, World of Radio 1037; P O Box 1684, Enid, OK 73702 USA; [wghauser@hotmail.com](mailto:wghauser@hotmail.com) Fax if really necessary, attn Hauser, 1-580-233-2948; check our website  
<https://www.angelfire.com/ok/worldofradio>
- \*R. Verdad, Guatemala, signing on half an hour earlier, a big help
- \*IARU ham notice about Cuban jammer harmonics on 18, 29 MHz bands
- \*R. Netherlands back to only one Bonaire transmitter during generator maintenance and again with substitute relays; some silent
- \*New Dimensions adding broadcasts via Merlin UK, and WSHB, but we heard BBC instead on the latter
- \*KJES, New Mexico, using backup transmitter, rhombic instead of log periodic; schedule
- \*Only program worth listening to on KTBN: The Joy of Music
- \*AFGE Union at VOA suffers internal strife in union election
- \*David Goren's piece on numbers stations finally airs this Friday

on NPR ATC Lost and Found Sound; later at  
<http://www.lostandfoundsound.com>

\*WABC Memorial Day music retrospective special instead of talk;  
hear Preview already and see schedule at  
<http://musicradio.computer.net>

\*Experimental sports FM frequency in NYC

\*Ohio State students get to put <http://www.underground.fm> format on  
WOSU-AM after midnight

\*CFRX Toronto off the air again

\*Two months after multistreaming started, BBC feeds still mixed up

\*Rock Over London starts June 9 on BBC WS

\*Strike at R. France International last week was for 48 hours  
[oops: credit inadvertently omitted in editing: Mike Cooper]

\*Portuguese state media merging into Portugal Global

\*R. Croatia irregularly has English up to 25 minutes

\*Ukraine's English still sporadic at 0300 on 13590

\*R. Mayak has SW special with QSLs May 26-27-28 only; report to  
[radiotest@mail.ru](mailto:radiotest@mail.ru)

\*NASA has page promoting ``Radio Jove`` DXing Jupiter (recording)  
[http://spacescience.com/headlines/y2000/ast22may\\_1.htm?list](http://spacescience.com/headlines/y2000/ast22may_1.htm?list)

\*Fernando de Sousa Ribeiro's comments on digital SW radio; full  
text in DXLD 00-69

\*Propagation outlook from Boulder, May 23; flux range 205-130-250

\*That's WOR 1037; I'm Glenn Hauser                           ###
